

Dear GAE Committee,

We are in support of SB1017 as a necessity to assure a smooth election process. It seems to us that the drop box system in our town worked extremely well for all the residents who utilized this convenience as well as for the Branford Town Clerk and her staff to conveniently retrieve the ballots daily from just outside the Town Hall. As for the other improvements to the election process that SB1017 addresses, they are all in line with smoothing out the process. We are totally in favor of enacting these actions to assure a better experience for the voters of Connecticut.

Respectfully,

Marge and David Schneider, 78 Cedar Street, Branford, CT 06405, (860) 840-4853
